Experience

02/2016 > 05/2021
Berlin, Germany

UX/UI Designer at Skoove

Conceptualising, designing, testing, and specifying features for a e-learning web, iOS and android piano application. Following design processes within agile methodology, I have highly contributed to each product development phase and operated in numerous marketing campaigns.

09/2018 > Present
Meaux, France

Lecturer in Web development at Gustave Eiffel University

Bachelor courses on web concepts, development, SEO, HTML, CSS and JS to first or second-year Multimedia and Informatics's students.

05/2020 > Present
Le Pin, France

Webmaster at Eleate

Developing pre-orders and static part of the website in Laravel first, I have shifted a part of the infrastructure to build an eCommerce website in Wordpress. Now monitoring, maintaining, and reporting website usage to the CEO.

05/2015 > 08/2015
Paris, France

Motion Design Internship at La Room Studio

Assistant in the development of a webTV. Creation of motion design jingles and commercials. Assisting in setting up the technical infrastructure (website, sets, cameras, lights and live streaming technologies).

05/2015 > 10/2019

Freelance

Graphic design, SEO and web development contributions to medium and small businesses. Those being in the sectors of real estate, blockchain, intercommunication systems, hotel and restaurant industries.
